

Mission Statement

The mission of the Engineering Section is to ensure quality design, oversight, construction, and renovation of the City's infrastructure to secure a high quality of life for Covina's residents, businesses and visitors.

Activities

-

Issuing permits for projects affecting the public right-of-way.

-

Inspecting non-City projects that affect the public right-of-way.

-

Providing information to the public about future improvements.

-

Providing information regarding flood mapping, aerial photography, property lines and lot dimensions as well as parkway widths, centerline ties, etc.

-

Designing City street and sidewalk improvements and establishing the plans and specifications

for City Capital Improvement Projects.

Engineering Standards

-

[Driveway approach](#)

-

All other standards should follow the most current version of the “Greenbook”, Standard Specifications for Public Works Construction. See <http://www.greenbookspecs.org/>

Public Improvements and Projects

-

W-1107 Water Main Replacement at Jenifer Avenue et al. - Awarded to Gentry Brothers, Inc., estimated to start January 2014. Click [here](#) to view map.

To view project information please go to <http://ciplist.com/plans/?Covina/city/10653>

Public Works Inspections

All public right-of-way inspection requests require 24 hour notice. For inspections, please contact Ron Hadloc, Construction Inspector, at (626) 710-7561.

Street Cut Moratorium

-

Information regarding [moratorium](#) .

-

Current [list of streets](#) under moratorium.

Traffic Control Systems

To report traffic signal or street light outages, please call the Engineering Section at (626) 384-5490.

Additional Information

For information such as flood mapping, aerial photography, property lines and lot dimensions as well as parkway width; centerline ties etc. email requests to engineering@covinaca.gov or pw@covinaca.gov, to the attention of the Engineering Section.
