Due to numerous complaints from disabled commuters that they cannot find van accessible spaces at the Covina Metrolink Station, the California Vehicle Code will be strictly enforced at the Covina Metrolink station in regard to the use of handicapped placards. Please click [here](#) for information on the use of handicapped parking placards in the State of California. The Covina Metrolink lot is a paid parking lot, and all vehicles must display a valid monthly permit. A handicapped placard provides improved accessibility to the platform, but does not exempt commuters from displaying a valid monthly permit. Please contact City staff at (626) 384-5520 if you wish to purchase a monthly permit to continue parking at the Metrolink station. Staff will ensure that handicapped patrons maintain their accessibility to the parking lot and are able to bypass the waiting list to park at the lot.
