Citizen's Guide to Plumbing Permits

When is a plumbing permit required?

A plumbing permit is required for the installation, alteration, repair, replacement, and/or remodeling of plumbing systems.

What is its purpose?

The purpose of a plumbing permit is to ensure compliance with the California Plumbing Code.

What does a permit cost?

Fee information is available at the Building & Safety Division Counter.

Who can apply for a permit?

For owner occupied residence and single family or duplex rentals, the owner or a contractor can apply for a plumbing permit. For other categories of work, an appropriately licensed contractor may apply for a plumbing permit.

Who issues the permit and how long does it take?

Plumbing permits are issued by staff and most permits are issued while you wait. Other plumbing permits that are part of new construction will take longer depending on the type of project

How do I arrange for a plumbing inspection?

Call the inspection line at (626) 384-5461 to request an inspection.

No work is to be concealed without prior inspection approval.
